

QUICK REFERENCE GUIDE

FOR
HELPING

- Leatherneck Care Referral is an easy-to-use tool to share non-emergency-related concerns about student behaviors and potential barriers to success.
- If a concern involves an immediate safety risk to self or others, please call 911 or the Office of Public Safety at 309-298-1949. Leatherneck Care Referrals are for nonemergency-related concerns only.
- Once a student has been identified as needing support, appropriate staff will respond with an inclusive and suitable response to that particular concern and will connect with the individual to help resolve the issue.
- Staff will work to recognize and bridge the gap between poor academic performance, financial needs, social dysfunction, and emotional, behavioral, or medical issues.
